CALDERA

SQUARE FIREPIT

Caldera draws its inspiration from the raw, elemental geometry of a volcanic mouth, translating this primal reference into a refined outdoor fire pit.

Designed by Patryk Koca, the piece channels the intensity of natural forces into a sculpted form that feels grounded, warm and quietly commanding.

A stainless steel frame supports a concrete top, creating a balanced interplay between durability, material weight, and tactile presence. The fire pit is offered in both round and square versions, and can be equipped with an optional grill attachment, extending its functionality while preserving its calm, composed aesthetic.

PRODUCT CODE

CDR-32-STE01-CO03

DIMENSIONS

Height: 36 cm | 14.1"
Width: 120 cm | 47.2"
Weight: 101 kg / 222.66 lbs

PRODUCT DETAILS

Produced from concrete and stainless steel suitable for outdoor conditions.

PRIMAL WARMTH TRANSFORMS INTO A SCULPTURAL EXPRESSION FOR REFINED OUTDOOR SPACES
