ELYTHIA COLLECTION

RAW WOODCRAFT BECOMES AN ELEMENTAL EXPRESSION
SHAPED BY EARTH AND QUIET STRENGTH

Junpei & Iori Tamaki

JAPAN

The Elythia Collection expresses the primordial strength inherent in the origin of the material by boldly using wood and combining it with the simple act of binding it with rope.

Through the interaction of a solid structure and delicate details, it conveys both the strength rooted in the earth and the gentle softness of surrendering to nature.

Elythia Lounge Set

ELYTHIA DAYBED

This subtle tension gives the collection a calm and elemental presence, allowing each piece to feel grounded and tactile while forming a strong connection to the natural character of the material.
