## SUN LOUNGER

The Lorvain Collection is defined by robust clarity, expressed through contours shaped with pure composure. Strong aluminium profiles and calm, confident lines give the pieces a grounded presence, while measured proportions keep the overall language refined and restrained.

The collection includes an armchair, a 2-seater, a 3-seater, a coffee table, a sun lounger, a daybed, forming a complete outdoor family with a consistent material attitude. The dining set continues this expression through the same structured aluminium framework, maintaining visual harmony across all typologies. Rope textures and colors were developed specifically for Lorvain, enriching the collection with subtle tactile nuance.

Balancing strength with simplicity, Lorvain offers a cohesive identity that feels durable, composed, and quietly elevated.
