DINING TABLE

The Lyora Collection, defined by simple lines and geometric forms, pays homage to functionality.

Executed with refined elegance, it brings a sense of sophistication and a subtle touch of history to any space. Crafted entirely from teak wood, the structure is enhanced with fine workmanship to maximize both functionality and ergonomics.

With its delicate mid-century style, complemented by contemporary and eclectic influences, the collection is available as a lounge set, dining set with compact dimensions, and a modular unit featuring enveloping lines.
